Rejected Lumber Bill Being Reconsidered

Supervisors Hear Evidence as to Responsibility for Fire Which Burned Bridges

The board of supervisors at its meeting last month rejected a claim of The Mendocino Lumber Co. for $508.32 for lumber purchased by the Fourth district to rebuild bridges and culverts destroyed in the Comptche fire last year. The board gave as its reason for rejecting the claim an affidavit of D. G. Thompson which purported to place the blame for the fire on the company's shoulders. The affidavit was filed by Supervisor Perkins, of the Fourth district.

At its meeting this week, the board by a four to one vote rescinded its previous action, Supervisor Perkins voting against the other four members, and the matter has been put over until June 14, at 2:00 o'clock, when the bill will be again taken up for consideration.

This action was taken after seven affidavits regarding the Comptche fire of last September were presented to the board. R. D. Swales, manager of the company, and Elmer Montgomery made affidavit that the conversation referred to in the affidavit of D. G. Thompson, filed in April, did not occur. They further swore to details of the fire and deposed that it did not occur from any operation of the company. Affidavits were filed at the same time from L. E. Grimes, Walter E. Ball, Frank Williams, H. D. Robins and Elbert Montgomery. All the affidavits stated the company had no operations within 10 or 12 miles, air line, of the fire and that the company had only two watchmen in its employ within that distance of the fire and that the fire could not occur from any company operation. It also appeared that the company had no knowledge of any charge against it or of the rejection of the bill, except the notice in the Ukiah papers after the rejection.

The majority of the board considered the company should have had an opportunity to present its reply to the charge of incendiarism and state they are ready to listen to any further evidence to support that charge, if it exists.

Supervisor C. R. Perkins stated his stand in holding up the bill for lumber furnished by the Mendocino Lumber Co. was based on the affidavit of Firewarden Thompson and a desire to place the responsibility where it belonged.

MARRIAGE APPLICATIONS

Applications for marriage were filed this week by Alden J. Purcell, 21, and Martha J. Roney, 18, both of Willits; Joseph T. Hilton, 59, and Betty Bryan, 45, both of Branscomb; Homer M. Cox, 53, Cloverdale, and Josie LaVerne Wilson, 36, of Cummings.

Rodeo Manager Here, Plans Many Features

Practically All of Last Year's Performers to Participate in this Year's Show

Practically all performers who participated in last year's Ukiah rodeo will be on hand to entertain the public at this year's show, according to Norman Cowan, manager, who arrived in Ukiah Tuesday evening to begin preparations for Mendocino county's big annual feature. In addition there will be a number of new faces, as rodeo hands are more plentiful than ever this year, according to Cowan. There will be a wealth of features, and one of the biggest drawing cards will be the running races, a number of which will be held every day.

Johnny Schneider, the world's champion all-round cowboy of the 1931 season, will be here; also Pete Knight, who won the local championship last year; Johnny Jordan, local champ of the year before; Vera McGinness, Donna Cowen and Freddy Hunt, trick riders; and Jack and Kitty Lee, who will sing cowboy songs every afternoon. The Lees are old-timers with the Buffalo Bill show and are famous as singers of cowboy songs.

The Ukiah Derby will be a big feature again this year. Alta Palm, Trinity county runner, which won it last year, will be entered again; Alex Cluff will be here with five head of running stock from Red Bluff; Hazen Cowan, brother of Norman Cowan, will have two racers from Tanforan—General Leggett and Sweet Cargo; Jack Millerick will be here with ten head.

Norman Cowan is negotiating for a carload of wild horses for the bareback riding, while several carloads of wild steers will be brought in.

Jack Dempsey, the unbeaten bucker, will be here and most of his old teammates, besides some others that Cowan has bought the past year, and which will be new to Ukiah audiences.

Cowan says that the show will be better and bigger than ever as times are hard and cowboys are plentiful. He prophesies that this year's rodeo will set a standard for those of future years to compete with.

Parking Charges at Eel River to Be Discontinued

The parking charges at Eel river will be discontinued, according to a message to the Dispatch from Mr. Farnsworth last Wednesday. Messrs. Farnsworth, Ingels and Ridgeway regret the misunderstanding. Mr. Ingels has sold to the other two his interest in the lease which they hold from the Pacific Gas & Electric Co.

Mr. Farnsworth stated that the only charge that will be made henceforth will be for camping privileges on their property or for accommodations at their established campgrounds, where service similar to that rendered by all commercial campgrounds will be available to motorists who wish to take advantage of it.

The free parking privilege will obviate all difficulty between the concessionaires and the public and the former will have the best wishes of all for their success in operating their campground business.

Funeral services were held yesterday afternoon for W. H. Gibson, member of one of Ukiah's oldest pioneer families, who passed away at his home in this city last Tuesday morning after an illness which had confined him to his bed for nearly a year.

Heavy Traffic Shown Over Eel River Road

Check Kept by Supervisor Ford Indicates Value of Region as Recreational Center

Two hundred nineteen cars, carrying 572 fishermen, from all points of California, visited Eel river above Potter valley at the opening of the fishing season on April 30 and May 1 and 2, according to a check kept by J. G. Newman, acting for Supervisor E. M. Ford of this district.

Supervisor Ford desired the check in order to obtain exact information as to the value from a recreational standpoint of the road up Eel river recently deeded to the county by the Pacific Gas & Electric company. With these figures to go on it is likely he will feel justified now in expending considerable funds to put the road into good condition and keeping it so. Had the weather been more propitious the traffic would have been at least ahalf again as heavy, it is estimated and possibly might have been doubled.

Newman spent 50 hours on duty during the three days. His check showed the following:

Fort Bragg Trip Is Motor Land Feature

Scenic Tour Over McDonald-to-the-Sea Highway Well Advertised to Readers

Attractions of a motor tour with Fort Bragg as the destination are reviewed in the May issue of Motor Land, Pacific Coast magazine of motoring published by the California State Automobile Association. The charm of a drive over the McDonald-to-the-Sea highway and along the coast to Fort Bragg is alluringly presented in a department of the magazine entitled "On the Touring Map." Reaching more than 85,000 motoring families in northern and central California, Motor Land's description of the trip provides a distinct stimulus to motor travel in the Fort Bragg area. Under the heading, "Scenic Trail to Fort Bragg," Motor Land says:

"For the motorist in search of a trip off the beaten path the one to Fort Bragg over the McDonald-to-the-Sea highway offers a refreshing variety of scenic attractions as well as good traveling conditions. Fort Bragg, a thriving lumbering and fishing community on the Mendocino county coast, in itself is an interesting destination for a motor tour, while the route traversed in approaching it unfolds a changing vista of forest, stream, and picturesque coast line. Motorists desiring to take this trip leave the Redwood highway, U. S. 101, at Mountain House, nine miles north of Cloverdale, and proceed over the Navarro river highway to Navarro, at the mouth of the stream, and then turn northward along the shore of the Pacific to Fort Bragg. The distance from Mountain House to Fort Bragg is approximately 73 miles. There are no difficult grades. On the trip to the coast the road passes through giant redwoods, including the famous Hendy Grove, and through fertile farming country, notably the beautiful Anderson valley."

Big Crowd Present at Pavilion Opening

One of the features of the evening was the presence of Al Bilterback, former radio singer of the KFRC studio, who rendered several numbers, accompanied by the orchestra.

Tomorrow night, "A Night in Hawaii" will be featured, with natural settings. A valuable door prize will be given away. Kelly and his Kings of Rhythm, a six-piece orchestra, will furnish the music.

Clean-Up Week Set as Last Week in May

At a meeting held by the city trustees, yesterday morning, it was decided to set aside the last week in May as cleanup and paint-up week. Property owners are urged to clean the grass from in front of their property and put it in piles. The city will furnish trucks to haul it away.

According to the city ordinance now in effect, real estate owners must keep their land free from grass. Should they fail to do this in the time allotted for it, the city will furnish men and trucks and the cost will be charged against the property, City Manager Bosworth stated. The week is sponsored by the chamber of commerce.

"I No Longer Have to Dose Myself With Harsh Purgatives"

"A friend of mine urged me to try Sargon and Sargon Soft Mass Pills. I will always bless the day I took this advice. I have taken five bottles and I am now enjoying the best health I have had in years. The Sargon Pills proved to be exactly what I needed for constipation, and this is the first time in six years I don't have to dose myself with purgatives. All my troubles with constipation and biliousness are now at an end. My skin has changed to a clear natural color. These Pills are different from any other laxatives I have ever used. They are not only pleasant to take but never upset me in the least."—Mrs. A. S. Treloar, 321 Lime Ave., Long Beach, Calif.

JUDGE H. L. PRESTON TO BE CANDIDATE FOR REELECTION

Judge H. L. Preston, former judge of the superior court of Mendocino county, will be a candidate this fall for election to the position of presiding justice of the third district court of appeals. Judge Preston holds that position at the present time as the appointee named by Governor Rolph to fill the unexpired term of presiding justice Finch when Judge Finch passed away.

Mendocino, his home county, should be proud to give Judge Preston a 100 per cent vote at the election. He made an unsurpassed record while on the bench of this county and his friends have followed with pleasure and pride his career since leaving this county for the larger field of endeavor at Sacramento.

He is a man of excellent character, great legal learning and wonderful personality and these traits, and not political ambition, were the principal reasons why he was chosen to fill the position left vacant by the death of the late William M. Finch.

Judge Preston did not apply for the vacancy. He was drafted by Governor Rolph when more than two-thirds of the attorneys and judges of the thirty-five counties comprising the third appellate district urged his appointment.

His record since becoming presiding justice—a record of forty-five opinions written without a single reversal by the state supreme court—justifies the confidence placed in him by the governor, the bar associations and his fellow judges. It justifies, too, his retention in office.

Born on a farm in Tennessee, Judge Preston was a member of a family that distinguished itself in the legal and business world in later years.

He attended the public schools of Tennessee and graduated from the University of Tennessee. In 1903, he came to California. His first work was with an abstract and title company. In 1909 he was admitted to the bar and from that time until 1920 he engaged in a general law practice in Mendocino county.

While an attorney, he gained particular fame in connection with water litigation and acted, successfully, as attorney for the landowners in one of the most famous water cases in the history of California—that involving rights in the water of Clear Lake, in Lake county. This case lasted for five years.

In 1920, at the age of 37, he was elected superior judge of Mendocino county—the youngest superior judge in California at that time. Judge Preston served one six-year term and then, in 1926, was re-elected, without opposition. It was the first time in the history of Mendocino county that a judge had had no opponent when seeking re-election. It was definite proof of the fairness of his decisions and his ability as a judge.

Judge Preston was still serving his second term when, on June 1, 1931, he resigned to accept the vacant position of presiding justice of the third district court of appeal, at the express request of Governor Rolph.

During the ten and one-half years Judge Preston sat on the superior bench of Mendocino county, he held court in twenty-seven other counties and acted as justice pro tem in both the Sacramento and San Francisco appellate courts on many occasions.

So respected and popular was Judge Preston that he was in constant demand in other courts of the state when his own calendar was cleared. Even he does not remember how many times he was asked to sit upon the appellate benches, but the records show that from 1924 to 1931 he wrote more than 130 appellate court opinions. Only two of these were modified or reversed by the state supreme court.

CHRISTIAN SCIENCE CHURCHES

"Mortals and Immortals" will be the subject of the Lesson-Sermon Sunday, May 15, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The citations which comprise the Lesson-Sermon will include the following from the Bible: "The Spirit of God hath made me, and the breath of the Almighty hath given me life. O Lord, the hope of Israel, all that forsake thee shall be ashamed, and they that depart from me shall be written in the earth, because they have forsaken the Lord, the fountain of living waters" (Job 33:4; Jer. 17:13).

The Lesson-Sermon also will include the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Human birth, growth, maturity, and decay are as the grass springing from the soil with beautiful green blades, afterwards to wither and return to its native nothingness. This mortal seeming is temporal; it never merges into immortal being, but finally disappears, and immortal man, spiritual and eternal, is found to be the real man" (p. 190).

Covelo News

COVELO, May 10.—H. H. Morrell of the State organization of the farm bureau and J. C. Johnson of Ukiah, were interesting speakers before the Round valley farm center at the May meeting. They presented a thoughtful discussion of the changed economic conditions which have come about in the last 20 years, and the new and difficult problems for the farmer growing out of these conditions. Outside visitors included also Farm Advisor Myszka, Supervisor J. M. Rupe and Mr. and Mrs. W. H. Higgins.

The executive committee reported the price set for wages for the coming season is 20 cents an hour for a nine-hour day where employment is for a week or longer. Under a week, the price is optional. Should the worker desire to board with his employer the price per meal shall be 25 cents.

The poultry committee is endeavoring to secure a 2,000-egg incubator for the valley for the coming year.

The aviation committee, F. O. Long, chairman, reported their work completed and a surplus of $13.96 in the fund, which sum they turned over to the center's treasurer and asked to be discharged. A new committee is to be named by the board of supervisors. Supervisor Rupe said the board would confirm the center's appointments. Thereupon the names of C. N. Spurlock and Supervisor J. M. Rupe were added to the three who have so ably carried on this work, and the surplus fund voted back to them. The committee now consists of F. O. Long chairman, J. I. Hurt, E. H. Long, C. N. Spurlock and J. M. Rupe.

Mr. and Mrs. J. S. Rohrbough have spent the week in San Francisco. Miss Shirley Rohrbough will accompany them on their return, having completed her first year at the State university. Beverley is remaining at Berkeley for the intersession.

Dr. and Mrs. Smalley of Willits and Dr. and Mrs. McKnight of Oakland were recent guests at the J. D. Rohrbough home.

Frank Azbill, a pioneer resident of the valley, was greeting friends on our streets the first of the week.

Mrs. Edith Murphey returned recently from an extended trip to the Hoopa Indian reservation. She gathered some interesting data concerning the work while away, which will be of material assistance in carrying on her work as county chairman of Indian welfare for the Mendocino county federation of women's clubs.

Mrs. Vie Brown Foster is planning a musical recital to be given at the auditorium Friday evening, May 13. The public is cordially invited to be present. There will be no charge. A program of 36 numbers is being carefully brought into shape by members of her class. Eight of these selections are from the list that were presented in the recent music week contest in the civic auditorium in San Francisco. Mrs. Foster hopes to have a number of students ready to participate in the next or 13th annual contest conducted by the San Francisco Civic Association. The selections from this group follow: Zella Hill, Village Festival, Maihailoff; Anita Lois Hurt, Yellow Butterfly, MacLachlan; Barbara Riffe, Birds' Frolic, Fontana; Imogene Lovejoy, Sonatina, Spindler; Mrs. L. L. Sanders, Dance Caprice, Grieg; Beulah Vie Foster, Elfentanz, Grieg; Gloria Long, Will o' the Wisp, Jungmann; Ralph Long, Etude in A flat, Wollenhaupt.

Mr. and Mrs. F. E. Woolley returned Sunday from a week's visit in the bay region. On the way down their car axle broke, but they fortunately escaped without serious damage.

On Saturday evening, May 14, the film "Trader Horn," will be shown at the Owl theatre by the school grounds committee of the Women's Improvement club. The proceeds will go towards paying for seed for the lawn at the grammar school. This seed arrived some days ago, and has just been planted by Janitor James O'Ferrall. The ground is in beautiful shape. A fine stand should be obtained.

Mr. and Mrs. Walter Higgins returned to their home in Ukiah Thursday after a short visit at the Biggar home and the transaction of business in the valley.

C. L. Hemenway is among the first to take advantage of perfect climatic conditions for clearing the parkway in front of his premises before weeds have seeded, and while soil is moist and in working condition.

The band parade on Friday, announcing the senior play for that evening, was a pleasing feature. The band marched from school early in the afternoon down to the center of town and played a few numbers on the street.

Horticultural Commissioner Norman Buhn visited Round valley Friday, delivering squirrel poison to farmers.

B. L. Hurt and son, Gavin, spent the week end in Eureka.

Mark Havenhill drove to San Francisco Friday, returning next evening with his son, Asher, who will spend his summer vacation with his parents.

"The Nut Farm," presented by the senior class of the high school Friday evening was one of the best productions we have seen presented here. The young people participating lost their own identity in the parts they were playing. Clean humor characterized the play. The audience was responsive, frequently breaking into spontaneous applause. Coaching was under the direction of Mr. Moore of the science department, assisted by Mrs. Alice Bradshaw.

A recent letter from Mrs. W. W. Coke, of Orland, to a friend here bears the cheering news that in spite of retrenchments in school expenses in that town Mr. Coke has signed his contract for next year's work in the Orland school. He is finding his new field an interesting one to work, and is receiving many expressions of appreciation from patrons.

In an auditorium made lovely with pansies, iris, columbine and sweet peas, more than 50 women and girls gathered Saturday afternoon for the regular meeting of the Women's Improvement club, President Catherine Johnson presiding. A letter of thanks for flowers sent her by the club was read from Mrs. Jessie Redwine of Ukiah. Mrs. Marjorie Rohrbough gave a report of the flower show in Ukiah, exhibiting ribbons won by the club exhibits. Mrs. Goforth announced further choral practices for the services next Sunday. Mrs. Gravier read some interesting items from the Federation News. A report from Mrs. Murphey, county chairman of Indian affairs, brought much valuable information to the attention of the club. Mrs. Redwine announced that the play contemplated for May 21 has been postponed, but preparations are under way for the picnic on that date. A committee of Mesdames Goforth, Rice and Gravier was appointed to prepare a stunt for the high school circus on June 3. Mrs. Biggar gave a report of the district convention at Eureka.

At the conclusion of the business meeting the child welfare committee, consisting of Mesdames Burby, Havenhill, Lovell, Burnham, Edith Walter and Frieda Walter, presented a short program, after which they served tea in the domestic science room. Lovely beyond expression were the floral decorations for this room, which were a pansy exhibit under direction of Marjorie Rohrbough, chairman of the flower committee. A huge punch bowl and baskets filled with pansies and maidenhair ferns adorned the tables. A separate table bore exhibits of the best blossoms from each enthusiast's garden. We hadn't believed so many or such lovely pansies could be found in the valley. Proceeds from the tea brought more than enough to pay the club's share of the health camp fund. Thanks from the committee are extended to each and every one who kindly furnished flowers for the occasion.

Special programs were presented by the Sunday schools for Mothers' day. At the Baptist church snowballs formed the decorations. Songs and recitations by the children were followed by a talk by Mr. Hayes of the Red Rock school.

At the Presbyterian church a children's program took the place of the morning sermon. The courage and vivacity of the tiny performers delighted the audience. There was not a wasted interval or a dull moment from the time little James Begley strode unannounced to the platform to pronounce his tribute, until the last song was sung. The pulpit was draped with snowballs and red peonies. Roses, pansies and columbines formed a beautiful background.

Through the courtesy of Miss Alta Hill and her juvenile class of 12 piano pupils, 50 invited friends enjoyed a treat at the lobby of Hotel Covelo Sunday afternoon. The young people presented a varied program, showing marked progress since their last public meeting. At the conclusion of the program delicious punch and cookies were served by the hostess with the assistance of members of the class, who performed their social duties with no less credit to themselves and their instructor than had been shown in their musical numbers.

The choral club will put on another special program at the Presbyterian church Sunday evening, May 15. The theme will center around the Mothers' day thought.

Guests of Dr. Hogshead over the week end were Miss Helen Hogshead of Burlingame, Jack Hogshead of San Francisco, and Lloyd Marshall.

Mr. and Mrs. P. B. Westerman, of Potter valley, were registered at Hotel Covelo over the week end.

The office building at the reservation headquarters has been torn down and the material used in constructing homes for the Indians. Fred Wilsey has an attractive new home just south of the Rolland Squires place as one of the visible results.

G. C. Bauer has the construction of a new barn well under way.

Organization of the trustees of the Presbyterian church Sunday afternoon resulted in the appointment of L. W. Burby as chairman, Mrs. E. R. Caldwell secretary and Dr. Hogshead treasurer.

STATEMENT

Referring to the fishing on Eel river, your readers might be interested in knowing that I opposed any charge for parking privileges but was overruled by my two associates. I then endeavored to dispose of my interest in the lease, but was unable to do so. My associates, Mr. Ridgeway and Mr. Farnsworth have now agreed to take over the leases and permit me to retire.

Our original purpose was to construct a camp ground, rent boats on the lake and to charge for camping privileges. I know the sentiment of the people of this county regarding fishing and my own desire was not to interfere with fishing in the river. The barricading the road was the result of a misunderstanding upon the part of my associates and was done without my knowledge or consent.

I never favored charging for parking, but intended the ultimate building of a resort.

McPeak were accompanied to Riverside by Mrs. Bendore and Callie Heyward and after taking in the sights of the southland they will stop off at Merced, where Mrs. McPeak will represent Willits Temple of Pythian Sisters at the grand lodge, which will be held there next week. Following this the party will visit the Yosemite valley and grove of big trees and also take a run over to Nevada. On their way home they will visit Lake Tahoe and they expect to be away about three weeks.

Traffic Officer Dick White will represent Willits lodge, K. of P., at the grand lodge, which will be held at Merced, next week.

Quadrio Bros. & Co.

Quadrio Bros. & Co. have completely renovated and painted their store and are now waiting for the expert to install the new steel shelving and counters. When completed they will have one of the most up-to-date stores in the county.

Install Electric Sign

A few days ago Jim Heap erected a large electric sign in front of the Hotel Van dining room. This sign is very conspicuous at night and helps very materially in lighting our great white way.

Almost Loses Finger

Last week Mrs. O. E. Christiersson nearly severed the forefinger of her left hand while splitting kindling. The flesh was only joined at one small place and the bone was very badly bruised. Mrs. Christiersson is now taking an enforced vacation and the wounded hand is very painful.

DeMolay Visitation

Wednesday night Willits Masonic lodge entertained about 35 members of the DeMolay lodges of Santa Rosa and Ukiah. The first order of business was an elaborate banquet, following which the Masonic lodge held their stated meeting. After this the DeMolay boys were invited to the lodge hall and they conferred the second degree on a Ukiah boy.

Druids' Convention

Last Sunday Ralph Starke, noble grand arch of the California grand grove of Druids, C. A. Cuglielmoni, grand secretary, and Anita Day Hubbard, state publicity agent, for the California Druids, were Willits visitors and met with the members of the Willits grove and circle, making final plans and arrangements for the 68th annual state convention, which will be held in Willits, June 20-24. There will be over 600 delegates in attendance.

Assessing

Deputy Assessor Ed Purdy has been in the northern part of the county for several days making up this year's assessment. None of the ranchers are very prosperous this year and everybody is complaining about taxes.

Grading Streets

Ever since the last rain Chas. Biggs has been busy leveling up the back streets with the new grader. Most of the streets now look like boulevards.

Economizing

The Northwestern Pacific railroad has cut out five section crews between Eureka and Sausalito. John Polacaris, who was section foreman at Longvale, has bumped the section foreman at Sausalito. Jack Hall has bumped Herman Kerns and the latter has moved to Longvale. We understand the Pieta section has been abandoned and the Hopland and Cloverdale sections will be extended to cover that territory. Heretofore there has been a foreman and eight men to each section and now the number of men will be increased to ten, so this will take care of a large number of the men but the five junior bosses will have to hunt new jobs.

Married

Homer Cox, of Cloverdale, and Josie Wilson, of Cummings, were married by Judge W. F. Whitney, Monday morning, Mrs. Margie Dunham and George Pinches being the witnesses. The happy couple will make their home at Cloverdale.

Bachelors Win

Another red hot baseball game was held here Sunday afternoon between teams composed of single and married men. The final score stood 11 to 12 in favor of the bachelors and the game was closely contested from start to finish.

Motor Vehicle Fines

Judge W. F. Whitney has had the following violations of the motor vehicle law come up in his court during the past week:

Edward Loomis, Jr., of San Francisco, and V. L. Palmrose, of Eureka, were each fined $5.00 for driving on the wrong side of the road.

R. D. Babcock, of Los Angeles, was fined $5.00 for speeding.

Wade Sanders, of Eureka, was fined $2.50 for parking his car in the middle of the highway.

Wilcat Queen

Miss Helen Matteson has earned the title of wildcat queen of Mendocino county, for she killed 39 wildcats so far this year in addition to which she killed a large number last year. Miss Matteson lives in the Noyo river, about half way between Willits and Fort Bragg, and all winter long she has tended a string of traps. The choicest specimens she ships alive to San Francisco, where they are in great demand by the Chinese population, who consider their flesh a great delicacy. One who eats wildcat meat acquires the wild and ferocious qualities of the wild beats and their hearts should be eaten raw in order to derive the maximum benefits.

Miss Matteson has killed and skinned most of the animals and she has become the most expert trapper in Mendocino county. She is also a dead shot and when her dogs tree a varmint its doom is sealed. In addition to wildcats she has also killed a large number of skunks and other varmints and the latest capture was a coon, which she took home and is making a house pet of.

Odd Fellows Meet

A large delegation of Ukiah Odd fellows motored up to Willits last Friday night accompanied by Harvey M. Thompson, who had the third degree conferred upon him. Following the degree work they had the regulation banquet. The following Ukiah members composed the delegation: Geo. David, Mack Howard, Ben Hofman, Harold Zimmerman, Ed Zimmerman, Lee David, G. M. Miller, and Claude Heryford.

Personals

Mr. and Mrs. Vincent Hayes and son motored up from their home in Taft last week and were accompanied by her mother, Mrs. J. C. Duffield, who had been visiting them in the southern city for the past three weeks. Both bride and groom are well known here for she was formerly Veva Duffield and he is a son of one our well known ranchers.

Alex Crockett came down from Round valley last week on one of his regular visits.

Gus Wright came down from Alder Point last week and he tells us that he never saw better feed than they have in that section this spring.

K. D. Reynolds came down from Briceland, Humboldt county, last week after supplies. The trading radius of our stores now takes in a very large area.

Mr. and Mrs. W. A. S. Foster came up from San Rafael to spend the week end with Mrs. A. J. Fairbanks and other friends.

Mr. and Mrs. Ross Betts, of Laytonville, were here Saturday.

Mr. and Mrs. John Long came over from Philo the first of the week.

Bromley Addresses Lions' Club

W. K. Davis, program chairman, presented William Bromley, cashier of the Savings Bank of Mendocino County as the speaker of the day at the Lions' Club meeting held at the Palace hotel yesterday noon.

Mr. Bromley described very entertainingly an interesting section of the vacation trip that he and Mrs. Bromley recently enjoyed.

The ship stopped at Balboa, the American city at the Pacific entrance to the Canal Zone. The government buildings located on a narrow neck of land are of modern architecture and stable construction. Near by is located the government wireless equipment. The modern homes of the government employees are surrounded by well kept gardens while the officers are also quartered in a fine business building.

In the operation of the canal, 3,300 white men and 12,000 natives are employed. The former highly salaried men are called gold employees while the latter of lesser wages are termed silver men.

The docks at Balboa where ships from every quarter of the globe come to anchor are better built and more capacious than those of San Francisco.

In front of the administration building a long line of cars is always parked in readiness to take people from the ships on sight-seeing tours.

The schools and clubs are as fine as those of any modern city of this country.

The canal zone is entirely dry but over the line, five miles on either side, a variety of wet goods is obtainable.

In the adjacent city of old Panama, the Spanish style of architecture prevails. The streets are crooked and narrow with over-hanging balconies.

The business of the city consists largely of the tourist trade. There are Chinese, Hindu, Spanish, French and other shops with double signs in both their own and the English language and selling goods imported from their home countries.

The old city of Panama was founded in 1519 when Cortez conquered Mexico. It was sacked by Morgan, the English pirate in 1668, when 2,500 homes were destroyed. The altar of beaten gold in the fine old Spanish cathedral of San Jose was painted white by the priests to conceal its fabulous value from the invaders and thus escaped their despoiling hands. The ruins of the old church remain with mature trees growing out of its walls, indicating its centuries of age. The golden altar now adorns the church in the present city of Panama, located nine miles distant from the site of the destroyed city.

Their ship was lifted to a height of 85 feet through three locks and pulled along by electric locomotives. It steamed through Gatun Lake on its own power for a distance of 35 miles when it was let down through locks to the Atlantic ocean. The ship paid a toll of $5,000 for the 50 miles' travel. The average cost per vessel is $4,500 and is computed in proportion to the tonnage and according to the character of its cargo.

The United States has a 99-year lease on the canal zone with an option of renewal. It cost the government $500,000,000 to construct this greatest artificial waterway. It has a capacity of about 1,700 ships daily. The business is just about sufficient to pay the 3 per cent interest on the bonds and other expenses.

They paid visits to the American city of Christobal and the native city of Colon, where the shops featured goods from all over the world and are disposed of by extended bargaining.

The night clubs and cantinas cater to the sailors and on pay nights the district is a lively locality.

They crossed the Caribbean sea and entered the land locked harbor of Cartagena, the Seville of the New World. The city was solidly built in a fine type of architecture and is still well preserved. The ancient coat of arms appear in stone over the doors of the buildings.

In the inquisition chambers the torture chains still remain, marking a dark hour in Spanish history.

For Bolivar, the hero of the country, streets and parks are named and his statue appears on every hand.

Opposite the inquisition chamber on the other side of Bolivar park stands the magnificent cathedral of Pedro Claver. He devoted his life to the slaves in the 17th century. He was made a saint and his bones are viewed by the public.

Cartagena is surrounded by a wall 50 feet high and 40 feet wide, which cost $60,000,000. The prisons which are located underneath the wall are now occupied by the poor.

The ship called at Puerto Colombio at the mouth of the Magdalena river, from which point the travellers made an 18-mile overland trip to Baranquilla. On account of sand bars the river can not be entered by vessels at its mouth but is navigable from Baranquilla, a distance of 700 miles to Bogota, the capital.

Hopland School Elects Principal

The board of trustees of the Hopland grammar school met May 7, and elected to the principalship, Mrs. A. E. Moorhead vice Arthur Hover resigned.

Mrs. Moorhead is a sister of Loren F. Thompson and Mrs. Margaret Hildebrand, formerly of Ukiah.

She was formerly a resident of Eureka, where she was married last year to A. E. Moorhead of Petaluma.

Mr. Moorhead, who owns a ranch in Petaluma, has rented the Hopland stock farm, where the couple will soon take up their residence.

PERSONAL ITEMS

Dr. and Mrs. L. K. Van Allen returned Wednesday evening from a three weeks' vacation at their summer home on the Klamath river.

Judge and Mrs. Clay Carpenter, of Long Beach, were registered at the Ukiah Auto Court Tuesday.

Mrs. E. A. Eversole was a visitor to the bay section for several days this week.

Duncan Family Celebrate Holiday

Mrs. W. I. Davis and her brother, C. H. Duncan, planned and prepared a surprise double celebration for Mrs. C. H. Duncan last Sunday. Mrs. Duncan's birthday falls on May 11. The celebration of Mothers' Day and the anniversary of her birth were combined in a family reunion and dinner held at the home of Grandma Duncan last Sunday afternoon.

The appointments of the sumptuous dinner were perfect in every detail and it remains a mystery how Mrs. Davis managed to carry out the elaborate preparations in secret.

On returning from church, the Duncans drove to the home of Mr. Duncan's mother as they frequently do and Mrs. Duncan had no suspicion of anything happening out of the ordinary until she was met and greeted by her children and grandchildren and was invited in to the tempting and bounteous repast.

The cheerful color scheme of radiant rose emblematic of hope and love, prevailed throughout every feature of the affair. The dinner table was artistically and attractively decorated with beautiful pink sweet peas and roses, and softly illuminated with lighted pink candles. The nut cups of pink parchment held candies of the same happy hue. The delicious white birthday cake was baked by Mrs. Davis.

Covers were laid for Grandma Duncan, Mrs. W. I. Davis, Mr. and Mrs. C. H. Duncan, Meredith Duncan, Mrs. Rena Benjes of Burlingame, Ralph Duncan and daughter, Marjorie of Los Gatos, and Miss Virginia Benjes of San Francisco.

Mrs. D. R. Smith and son, who were expected to be present, were unavoidably detained.

Those who came up from Los Gatos and the bay cities returned by way of Eldredge, where they visited with the Smith family.

Ukiah Grange Holds Meeting

Worthy Master Marion Swim presided at an interesting and well attended meeting of Ukiah Grange, No. 419, held at Boring hall last Friday evening.

The solemn ceremony of draping the charter in honor of J. M. Luce, who recently passed away, was conducted during the business session.

It was announced that a Grange picnic will be held near Healdsburg June 18, which will be attended by members from Mendocino, Lake, Napa, and Sonoma counties. A committee on arrangements was appointed from this Grange as follows: C. M. Swim, Hanby Ford, and F. C. Bull.

The first number on the entertaining program was a vocal solo entitled "The Glow Worm" by Helen Swim, who was accompanied on the piano by her cousin, Carrol Weeks.

N. G. Buhn, agricultural commissioner of Mendocino county, addressed the Grange on the subject of the hoof and mouth disease. He described the symptoms, the spread, and ravages, and explained the laws governing its control.

Two clever little plays were presented, the first of which, "Please, Pass the Cream" was enacted by Mr. and Mrs. W. D. Ford. The characters in the second, entitled "C. O. D." were represented by Carrol Weeks and J. M. Loucks.

Refreshments consisting of ice cream, cakes and coffee were served by a committee headed by W. D. Ford.

After supper, a few hours of dancing was enjoyed.

Visits Friends in Redwood Valley

Mrs. Desia Delrai, a native of Rhodesia, South Africa, for which country she was named, was a recent guest of Mrs. F. A. Howland of Redwood valley.

Mrs. Delrai's husband is now managing the Pine Ridge ranch in Santa Clara county, which is located in the Mt. Hamilton range southeast of San Jose.

Mrs. Delrai expresses her satisfaction in her new location in the following lines:

WHERE BREEZES BLOW

High on a hill
Where the breezes blow,
My eyes strain off
Towards the sea;
In the blue-gray distance
White patches of snow
Bring a winter's thrill to me;
But down in the valley
Where all is so still,
I never would wish to go,
For I would be on the top of a hill
Where tangy breezes blow.

Rotary International Holds Convention

Walter Sandelin, president-elect of the Ukiah Rotary Club, No. 2012, went to San Francisco this week to attend the 17th annual conference of the second district of Rotary International, which opened there Wednesday with a number of group conferences. Thomas Bridges, Paul Reiger and Harvey Lyon, past district governors, presided at three conferences. The conference session was called to order by Almon E. The most important meeting of the day was that of the district governor's advisory committee, which met at the Palace hotel.

Rodeo Revives Pioneer Days

In the news of 40 years ago in this week's issue of the Dispatch news of the death of Buck Mongtomery is printed.

Wednesday's San Francisco Chronicle says:

"From the seat where his father, "Buck" Montgomery, Wells Fargo messenger, was killed by a highwayman 40 years ago, G. B. Montgomery, Gilroy merchant, will drive a pioneer stage coach in the parade which opens the Livermore rodeo next Saturday. The rodeo lasts two days.

Buck Montgomery was shot to death by Charles and John Ruggles, holdup men, May 14, 1892, while he was guarding a Wells Fargo Express package. Just 40 years to the day, his son will sit in that same seat and open the Livermore carnival, with an escort of cowboys riding at his elbow."

State Theater News; Tabloid Reviews

"Branded Men," starring Ken Maynard, Ukiah's favorite Western actor, will please the patrons of the State theatre next Saturday.

Ken is seen as one of a trio of pals who, after their horses are stolen, volunteer to fill the temporarily vacated office of sheriff in a town unofficially ruled by a gambler and his clique of henchmen, who have in their clutches the brother of a girl Ken is interested in and whom they are trying to use in their rustling schemes.

Ken outwits, outsmarts and outshoots the rustlers, rescuing the boy and winning the girl, but not before an hour's entertainment has been unreeled on the screen.

June Clyde is the leading lady, with the roles of Ken's two pals filled by Billy Gletcher and Irving Bacon, comedians who add numbers of laughs to the picture.

The Mohave desert, locale of the picture, is covered with sage brush, greasewood, small tufts of bunch grass and several varieties of cacti. The ground is sandy and through the scanty underbrush scuttles a variety of lizards, horned toads and insects.

When a western troupe goes to the desert to make a motion picture, their caravan is more carefully and complete equipped than were any of those of the early pioneers who struggled across the deadly wastes in ox-drawn wagons.

The director was fortunate while filming the picture to obtain backgrounds showing dozens of yucca plants in full bloom.

The yuccas, called by the poetic Mexicans, "God's Candles," blossom for a very brief season, and immediately following a drenching rain. As rains are rare on the desert, few except natives of California have even seen the plants in bloom.

The **"Lost Squadron,"** coming to the State next Sunday and Monday, is a vivid and dramatic representation of the self-sacrificing brotherhood of men, spectacular airplane crashes and a delightful romance.

Richard Dix, whose performance in "Cimarron" won him a secure place in the hall of screen fame, plays the starring role of "Captain Gibson," dare-devil film stunt man.

Mary Astor, whose screen life is one excellent role after another, enacts the part of "Follette," a temperamental movie star.

Erich von Stroheim, actor, director and stormy petrel of filmdom, is cast as the czaristic director, who sends players into danger for the sake of celluloid thrills.

Joel McCrea, Armstrong and Herbert have strong roles, and Dorothy Jordan plays the ingenue.

Heading the list of intrepid fliers is Dick Grace, author and pioneer stunt man who has suffered 28 injuries in 32 crackups and who is still willing to make power-dives into the earth at a speed of 125 miles an hour.

Other noted fliers seen are Art Gobel, winner of the San Francisco to Hawaii flight in 1927 and the first man to make a non-stop flight from Los Angeles to New York; Babe Green, former war ace who has been actively identified with film stunting since 1915, and Frank Clark, who was mainly responsible for the thrills in "Hell's Angels."

"Manhattan Parade," a comedy-romance entirely in technicolor, which will be the attraction at the State next Tuesday and Wednesday, is a rainbow panorama of fun and foolishness.

A gorgeous array of stage beauties all in the most vivid natural colors provide a striking setting for the drama, featuring a double team of fun makers in the roistering Winnie Lightner and the solemn Charles Butterworth, who were recently seen here in "Side Show" and Charles Dale and Joe Smith. The latter couple were recently presented with a beautiful silver cup by Mayor Jimmie Walker of New York in honor of their 30th anniversary as partners in the laugh business.. They are remembered for their grand and glorious clowning in the stages Avon Comedy Four, and have in this film the best comedy of the season with its dazzling all-color sequences.

The cast also includes Dickie Moore, Walter Miller, Greta Granstedt and Bobby Watson.

The spectacular features of the production are alone sufficient to draw a crowd.

"Carnival Boat" will be staged at the State next Thursday and Friday with Bill Boyd and Ginger Rogers playing the leading roles.

Some of the most beautiful mountain and timberland scenery ever caught by the camera is the background of the absorbing action of this adventure-romance of the big trees. It was filmed in the high Sierras of California. Colorful scenes aboard a carnival boat offer entertaining contrast to the outdoors.

Boyd plays a young lumberman who fails to live up to the hopes of his father, a veteran of the timberlands. His love for a show-boat girl, played by Ginger Rogers, takes his mind off his duties in the logging camp. His father's attempts to make his "chip off the old block" get down to serious business causes a rift between them. When the father works over-zealously to cover-up his son's weakness and deliver their quota of timber, he nearly loses his life piloting a timber train down the mountain. But Bill sees the runaway train, risks his life to reach it and saves his father. The girl proves her worth and her love for Bill in a novel way for a happy ending.

The picture concludes with a crashing climax when the dynamiting of a log jam gives the star an opportunity to prove himself a hero.

In **"Branded Men,"** Ken Maynard
fights
In western way to win his rights.
And in the distant deserts gloom
A myriad rain drenched yuccas bloom.

"Lost Squadron," starring Richard Dix,
With fear and dread you will transfix
The airplanes manned by pilots rash
Now rise and soar and dip and crash.

"Manhattan Parade" with Smith and
Dale
Will have a great box office sale.
You'll like the second comedy team
For Charles and Winnie are a scream.

In **"Carnival Boat,"** the big tree rings
Prove them the oldest living things.
The scene in high Sierra's laid
In dealing with the lumber trade.

TOWN TOPICS

District Attorney Addresses Rotary

J. E. Robinson, program chairman, presented as the speaker of the day, District Attorney Lilburn I. Gibson, who addressed the club on the subject of Mothers' day.

The distinguished county official is an able orator and his service as an after-dinner speaker are in constant demand.

He said that God created mothers to supplement his omnipresence. We all believe in a Supreme Being, to whom we ascribe all the virtues and good attributes and none of the bad or evil characters.

He went on to show by extensive illustration that that which is physical upon the earth and which most nearly approaches the characteristics we attribute to the Great Creator is the human mother.

He showed by illustration that all celebrated men give the credit for their success to their respective mothers. Among these are Washington, Lincoln, Garfield, and countless others.

He added that when men have disgraced themselves and relatives and friends have turned from them, and even when the law has executed them for heinous crimes, still mothers are loyal, find excuses for their sons, and often times are the only ones to claim their bodies after death.

Thus it is fitting that a day should be set aside to desist, temporarily at least, from the fast lives we are living, that we may commemorate and celebrate the births or lives of these our greatest heroines.

Twenty-Thirty Club Gains Victory

The Ukiah Twenty-Thirty Club played a game of baseball with the DeMolay boys on the city diamond Monday evening, and registered a signal victory in a score of 13 to 5.

RANCH HAND SUICIDES

The body of Frank Leino, 50, a ranch hand, was found hanging from the rafter of an outbuilding on the Hugo-Narva ranch by Narva, Monday night.

It is thought Leino hanged himself as result of a fit of despondency after a heated argument over the subject of his intoxication the previous afternoon.

He was a native of Finland and unmarried. He leaves relatives in this country. Coroner W. F. Ornbaun and Deputy Coroner Cleland went to the ranch and took charge of the body.

Prune Pool Planned to Provide Control

A prune pool plan to provide for unified control and stablized marketing prepared by leading prune interests of the state, will soon be announced, according to Pierce Stipp of the State Committee of Thirty, which met in San Francisco last week.

For the past three months the Committee of Thirty, State Bureau of Markets, commercial packers, California Prune and Apricot Growers Association and independent growers have been working on the plan and more than a hundred meetings have been held in the formulating of the various clauses necessary to bring all interests together in a smooth working plan.

The plan is to bring the entire prune industry under the control of a single organization to stabilize the marketing and enable the grower to secure fair returns.

The packers and prune association have signified their willingness to sign, leaving only the growers to sign and put the plan into operation.

A game of seven innings was played and caused considerable excitement among the fans that attended. Many good plays were made by both teams. Prof. Cruess is a noted authority on fruit by-products and has been of material assistance to the fruit industries of the state in developing additional outlets for cull fruit and surplus products. Prof. Cruess will discuss what has been done in the other industries and the possibilities that exist for extending similar aid to the growers of Mendocino county.

Announcement

I hereby announce myself as a candidate for re-election to the Assembly.

As you know, the last Legislature joined Mendocino county with Humboldt and Del Norte counties, throwing Mr. Fisher and me into the same Assembly district.

A political campaign should be conducted on the highest planes of honor. During the contest I will not countenance anything unkind or unfair to either of my opponents. If I cannot win on merit, then I have no right to your support.

This district is large. Considerable time will be required for the candidates to get around to interview the people. For this reason, it might be well for for the voters not to pledge themselves to any one of the candidates too far in advance.

I hope I may have an opportunity of presenting my case to you before you promise your support to either of my opponents.

My record in the last session of the Legislature gives me pardonable cause for being proud. Out of twenty-one measures introduced, I succeeded in having seventeen passed, all of which were signed by the Governor. The chairmanship of the Assembly Roads and Highways Committee was given me. This afforded an opportunity for being of genuine service to the State. It also placed me in close friendly contact with the Highway Department. If re-elected, I shall endeavor to carry on in this important work.

A number of important questions must be settled in the next session of the Legislature. Among these are a re-adjustment of the tax burden to relieve real property, and a REDUCTION IN THE COST OF GOVERNMENT. The State should assume a larger share of the cost of our schools. County roads should be financed by gasoline tax funds, not by property taxes as at present.

Proper re-adjustments in the tax burden for schools and county roads would result in a reduction of county taxes by about fifty per cent. This could be done without reducing the efficiency of either the schools or the road program. It could be done without injustice to anyone. At the same time the change would relieve agriculture of half of its present county tax burden.

Should you return me to the Assembly, I pledge my best endeavors to secure a reduction in the cost of government and a shifting of a portion of the tax burden to where it properly belongs.

G. M. BIGGAR.

REDWOOD VALLEY, May 12.—Frank Leino committed suicide Monday evening at the home of Hugo Narva, where he was a boarder. He hung himself in an outhouse. The body was found by Narva and Dr. Cleland was summoned but found life was extinct.

Ukiah Wins, 6 to 0; Plays Hopland Next

In a hard fought contest on the local diamond, the Ukiah baseball team came off victorious Sunday with a score of 6-0 over the Coast All-Stars.

Seven innings of shut-out ball were played before either side scored. It was not until the last half of the eventh inning, with Ukiah at bat, that Matsen knocked a double with the bases full, bringing in four runs to Ukiah's credit. In the eighth, Busch for the local team, knocked the ball over the fence with one on, bringing the score to six.

Ukiah will play Hopland next Sunday afternoon on the city diamond. A side bet of $100 for the championship of Mendocino county, has been put up. The game Sunday promises to be a good one and is of considerable interest to local boosters. Metzler will pitch for the southern town and Matsen will be in the box again for Ukiah.

Donald Hulbert Case Reversed on Appeal

The juvenile court has no power to put a minor on probation or require that he make restitution, according to a decision written by Presiding Justice Hugh L. Preston of the district court of appeal at Sacramento.

Some months ago Donald Hulbert, of Yorkville, was brought before the juvenile court here because of a fracas that took place in the Anderson valley high school. He was placed on probation and ordered to make restitution to the extent of $100.00.

Through Attorney Charles Kasch, an appeal was taken to the Sacramento court and the order for probation and restitution was stricken from the judgment. The higher court decided that the only power the juvenile court had was to commit to the detention home or otherwise supervise the minor's way of living.

Itinerants Arrested on Burglary Charge

Two men are lodged in the county jail on a charge of burglary, following their arrest in the coast region last week end.

The men are Carl Christensen and Virgil Peppers, itinerants, both of Los Angeles, who were traveling through the country on foot.

Several summer cabins, including one owned by Matt Stewart, were broken into, and food, utensils, clothing and other things were stolen.

The prisoners were taken to Fort Bragg and after questioning signed a confession to the crimes.

They were brought to Ukiah Monday. Their preliminary was held in the justice court before Judge Hoffman Tuesday afternoon. They were bound over to the superior court and will be arraigned today.

Coast Man Arrested for Counterfeiting

Eugene Bowlin, of Fort Bragg and Caspar, was arrested the latter part of last week on a counterfeiting charge and taken to Santa Rosa, where he was held for the federal court by J. Harold McAlpine, federal commissioner, on $5,000 bonds, which he was unable to furnish.

Several broken moulds were found in a cabin recently vacated at Caspar by Bowlin and other equipment was found at Bowlin's place in Fort Bragg.

Bowlin made dollars and 50-cent pieces.

His arrest followed his passing of the bogus money on Fort Bragg business men.

Frank L. Perkins was here the first of the week en route home to Hollywood with a friend. They had been to Oregon on a fishing trip. Perkins was born and reared in Ukiah and is a member of the pioneer Perkins family of this city.

MOTHERS' DAY OBSERVED AT METHODIST CHURCH

Mothers' Day was fittingly observed at the Methodist church Sunday with special programs in the various departments. A very fine service was conducted by the Epworth League at 6:30, led by Leila Williams. Many mothers and adopted mothers were present and were given bouquets of flowers on their arrival at the church. There were a number of musical features and several fine talks and readings appropriate to the occasion.

The pastor preached Sunday morning to a large congregation on "Divine Love and Mother Love." The choir had two Mothers' Day numbers.

The evening choir gave three special numbers, completing a very fine Mothers' Day at the 7:30 service.
